Via Luigi Pastro, 2
Padova, Veneto

Dear Akshay Kumar,

The Admissions Committee has now reviewed all the applications submitted for the Physics and Astronomy PhD program for Fall 2022 at Stony Brook University. Unfortunately, your application has not been selected for an offer of admission. There were many strong candidates for admission this year, which made decisions difficult and time-consuming for the Committee. Your application was very well presented, and our inability to offer admission reflects the intense competition for a limited number of openings. You are to be commended for your achievements so far. We encourage you to continue your studies and are confident you will find another graduate program to match your interests and excellent qualifications.

We sincerely thank you for your interest in the Physics and Astronomy PhD program and extend you our best wishes for your future success.

Respectfully,
Chair, Admissions Committee
